	<p>What is the most important thing to you when it comes to the treatment of your heart?</p> <p>Is it that the place you turn to can say that they're the only local hospital consistently recognized, both regionally and nationally?</p> <p>Is it that they care for more heart patients than all of their competition combined?</p> <p>Is it that they have invested some 19 million dollars into creating a heart center within a hospital that provides the very latest in diagnostic imaging, surgical suites and recovery rooms?</p> <p>As the top provider of cardiac care for all of northern Indiana, at Elkhart General Hospital, we know that sometimes the most important thing to you has absolutely nothing to do with us.</p> <p>It's returning home to your loved ones as quickly as possible. It's spending time with your grandchildren. It's sunsets; it's sunrises. It's the sound of wind in the trees. And we're okay with that.</p> <p>Because when it comes to the treatment of your heart, at Elkhart General Hospital's Center for Cardiac Care, what's important to you is important to us.</p> <p>Learn more at egh dot org.</p>	<p>Music: Moving, simple and clean.</p>
